

## Wilsonart® Healthcare

H I G H P R E S S U R E L A M I N A T E

# Inspired by Nature. Engineered to Protect.

Durable, moisture-resistant, and ideal for high-touch areas, our High Pressure Laminate (HPL) works non-stop to support a positive patient experience. And with over 600 beautiful designs and 17 finishes to choose from, healthcare facilities can create calming, homelike environments that provide end-to-end durability, comfort, and safety.

### Primary Area Classification

Bathrooms, Delivery Rooms, Elevators, Hallways, Hematology, Hospital Rooms, Lobbies, Locker Rooms, Oncology Rooms, Outpatient Spaces, Procedure Rooms, Staff Rooms, Treatment Rooms, Waiting Areas

### Primary Applications

Backsplashes, Casework, Countertops, Feature Walls, Headwalls, Millwork, Table Tops, Wainscoting, Wall Cladding

### D E S I G N

From realistic woodgrains and stones to colorful solids and abstracts — and even custom creations — Wilsonart helps bring creative visions to life with one of the most extensive selections in the industry.

### D U R A B I L I T Y

Form and function is what Wilsonart® HPL is all about. Engineered with AEON® Scratch and Scuff-Resistant Performance Technology, this surface performs better, longer, and more beautifully. Offering exceptional long-term value and superior stain, wear, and impact resistance, HPL is a reliable choice for healthcare environments.

### P E R F O R M A N C E

Wilsonart® HPL is not only non-porous, but it can also hold up to the stringent day-to-day cleaning and disinfection protocols practiced in healthcare. Wilsonart® HPL is available with the option of Antimicrobial Protection that inhibits the growth of bacteria, mold, and mildew that cause stains and odors.

### D E L I V E R Y

Wilsonart® HPL is manufactured domestically and supported by a vast network of regional warehouses, ID partners, and our national trucking fleet. Our materials are in stock and available locally, and can be delivered quickly to keep your project on schedule.

### D I S I N F E C T I O N

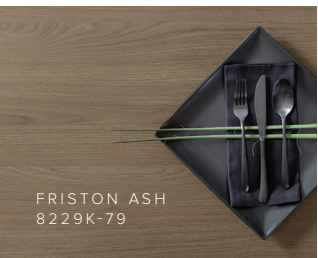

High Pressure Laminate is ideal for all Disinfection Zones prone to infectious risk. High Pressure Laminate can meet the functional demands of the space while promoting rest and recovery. To learn more about Disinfection Zones, visit [www.wilsonart.com/zones](http://www.wilsonart.com/zones).

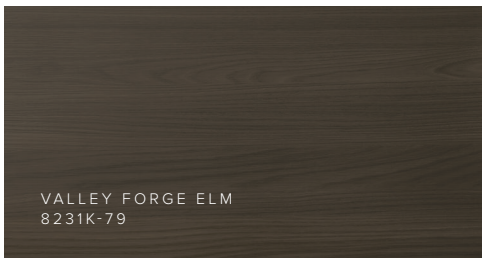

# Wilsonart® HPL Woodgrain Collection

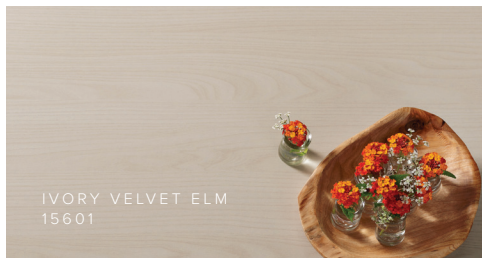

Inspired by nature and nurtured through engineering, our new collection offers an exciting palette of woodgrain patterns and a new way of thinking about healthcare. Warm touches and rich textures provide calm and comfort while dependable durability and advanced cleanability offer a surface you can depend on, minute to minute.
