

Wilsonart® Solid Surface for Healthcare

When it comes to supporting patients, staff, and family members in a holistic manner, a designer's most reliable surface ally in infection control efforts is Wilsonart® Solid Surface. Solid Surface is a long-term functional solution that not only provides the best value for high-use applications, but also looks beautiful while it supports healing in every space.

NON-POROUS

Non-porous makeup won't allow pathogens or bioburden to penetrate, helping to support safer, hygienic environments.

LIMITLESS DESIGN

Provides a clean, homogenous aesthetic with an extensive selection of attractive movement designs for endless design potential.

CHEMICAL-RESISTANT

Stands up to disinfection protocols and common chemicals, including all commercially available germicides, sporadic, bleach, ammonia, and quat-based cleaners.

ECO-FRIENDLY

Designed for indoor spaces, meeting strict chemical emission limits and achieving UL GREENGUARD Gold Certification and certified Health Product Declaration (HPD).

SEAMLESS

Continuous surface with inconspicuous waterproof seams and edges eliminates cracks and corners that can harbor harmful pathogens.

THERMOFORMABLE

Can be heated and bent into almost any shape, creating smooth corners that are easier to disinfect to help maintain cleaner, germ-free environments.

PRIMARY AREA CLASSIFICATION

Bathrooms, Burn Unit, Cafeteria, Common Areas, Exam Rooms, Intensive Care Unit (ICU), Isolation, Neo-natal ICU (NICU), Operator, Patient Care Rooms, Pediatric ICU (PICU), and Staff Lounge.

PRIMARY APPLICATIONS

Backsplashes, Casework, Countertops, Headwalls, Integral Sinks, Millwork, Modular Builds, Shower Surrounds, Wainscoting, and Wall Cladding.

Wilsonart® Solid Surface Sinks

Wilsonart® Solid Surface Sinks are acrylic cast-molded for an integral fit to Wilsonart® Solid Surface slabs. Durable and seamless like our surfaces, our sinks are easy to clean, disinfect, and maintain in high-risk spaces of medical environments. Wilsonart also offers ADA-compliant sinks that abide by requirements as specified in the Americans with Disabilities Act. **Below is a list of recommended sinks for healthcare environments.**
