SOLID SURFACE

The 2021 Solid Surface Collection

The spaces where you live and work should feel cocoon-like, enveloping you in comfort and tranquility. The Wilsonart® 2021 Solid Surface collection introduces inviting colors and soothing tones to inspire peaceful settings like never before. Capturing natural warmth, these designs let you welcome relaxation with a range that features subtle earth tones, movement found in the outdoors, and wisps of calming color. Tucked within is The Crafted Collection, catering to a variety of expressions with veining that moves from soft to high contrast to create the ultimate design complements.

Adding even more ease to every day, Solid Surface requires little effort to maintain its beauty. This renewable and repairable surface is virtually seamless and non-porous, and designed for exceptional durability.

RELAXED WHITE

Unwind and breathe easy with the encouragement of soft color. Relaxed White lives up to its name with a touch of warmth and the refreshing subtlety of off-white that brings perpetual respite to your environment.

9247SS

ARCTIC DRIFT

With its varied shades of cool white and grey, Arctic Drift takes on a soft, windswept appearance. Reminiscent of ice delicately carved by the elements, its subtle movement offers tranquil, complementary style to a range of interiors.

The Crafted Collection

The Crafted Collection from Wilsonart® Solid Surface brings the natural appeal and prestige of marble design into your home. From the soft veins inspired by Carrara marble to the bold, rare beauty of Calacatta stone and the high-contrast allure of Statuario marble, this selection offers intriguing and unique expressions to make your vision come to life.

9909SS

Carrara Emporio

Characterized by bright tones and feathery veins of grey, Carrara stone originates in the mountains of Italy. The Crafted Collection's Carrara Emporio is inspired by this stone, with its foggy veins of cool grey and its bright, translucent background. This design will add comfort and softness to your interior.

Monte Amiata

The northern mountains of Italy are renowned for their prestigious and stunning Calacatta marble. With a backdrop of bright white veined with dynamic grey, Monte Amiata embraces this effect for an unexpected melding of vibrance and tranquility.

Ice Statuario

Prized for its distinctive veining, Statuary marble serves as the inspiration for Ice Statuario. Medium-sized particulates in bright white and cool grey create depth, while long, thin, and active veins in soft to dark cool greys traverse the slab diagonally. The overall effect is composed and energetic.

Where your vision comes to life.
