STEP 2: CHOOSE YOUR LUXURY WOOD SPECIES

Browse our design library for a diverse selection of popular warm woodgrains, cool woodgrains, and solid colors. Available woodgrains vividly mimic the look and feel of luxurious real wood, but outperform natural materials and wood veneer thanks to sustainable, high-performance engineering. For a different style, our solid colors can replace traditional paint with panels that remain vibrant over the long term. Choose from a variety of textures inspired by nature and high-design options, like matte or textured gloss, to beautifully protect your surface from wear, stains, and scuffing.

IN TOTAL, THERE ARE 12 SPECIES, 8 COLOR GROUPS, AND 5 FINISHES TO DISCOVER.

STEP 3: ADD ACCESSORIES

Choose one of our seven Molding options to perfectly complete your vision. Factory-installed glass panel inserts are also available to add personality to your project. Contact your Wilsonart representative for more information.
